

Topic	What's our target?	What actions are to be taken?	What's our timescale or deadline?	Who's in charge of this action?	What was the result we achieved? Date?	What could we do about this in the future?
Energy	No lights left on in empty rooms, everyone remembers to switch off when they leave	Energy Heroes in each class check lights Stickers by each light switch Posters in corridors Spot checks by Climate Change Team	By the end of November	Energy Heroes in each class and Energy group leader on Climate Change Team	Most people remembered after first week, but a few lights still left on now and again. Nov 30th	Ask if we could have lights installed with sensors, so they will go off automatically in future if no one's in the room
